

Contents

J. MIKIELEWICZ: In Memoriam – Professor Zbigniew Bilicki (1944-2002)	3
P. FURMAŃSKI AND J. BANASZEK: A novel numerical model for simultaneous radiative and conductive heat transfer in emitting, absorbing and scattering media	5
H. BIELIŃSKI AND J. MIKIELEWICZ: New solutions of thermal diode with natural turbulent circulation	23
F.M. CHOWDHURY, S.A.M.M. ALAM, M.A.R. AKHANDA, A.K.M.S. ISLAM: Free convection across air gap between corrugated and flat plates	39
P. KONIORCZYK AND J. ZMYWACZYK: Reduction of a measured effective thermal conductivity in aspect of the radiative transfer equation for a chosen absorbing and emitting media	55
F. STRZELCZYK AND A. WAWSZCZAK: Special equations of state for water and steam	69
A. GAJEWSKI AND M. TRELA: Effect of rivulet mass flow rate on the surface wetted area.....	101
D. BUTRYMOWICZ AND M. TRELA: Influence of fouling and inert gases on the performance of regenerative feedwater heaters	127
LETTERS TO THE EDITOR	141
